

Cheryl Alpha

Cheryl Alpha: I have lived in The Seasons since 2000 and continue to think it is the most treasured area to live in Grand Junction. Not only are our views spectacular in every direction, but the neighborhood is one of the friendliest.

I am running for a Board position because I feel a need to support the strength of our present Board. The hours this HOA Board has volunteered to keep our property values excellent, to uphold rules, regulations and covenants, to keep volunteers enthusiastic, and to maintain transparency, fairness, and neighborliness is impressive. They have remained strong in the face of adversity. The recent addition of a Community Association Manager I endorse. Being a former Board member, I am very much aware that this volunteer time commitment has for years been too large. Hopefully with the help of our new Manager, the Board can be an advisory Board and released of many tedious volunteer hours, a stumbling block for securing new Board members.

I am a retired registered nurse. As much as I enjoyed my career & still enjoy learning “all things medical”, I feel my greatest accomplishment and enjoyment was raising two ambitious and productive sons with my late husband Eric. Watching my two grandsons grow is a present delight. Many of you already know me, but for those of you who do not, I am the lady walking the sidewalks of The Seasons with two small dogs in tow.
